

Replacement Nozzles for Hughes Safety Showers - NOZZLE

Product Images

Short Description

HUGHES

Justrite Safety Group

- Removable, self-draining 1-in NPT nozzle
- Constructed from a durable nylon material
- For retrofit onto any installed safety shower system with 1-inch pipe threads
- Meets ANSI standards for spray pattern

Description

Designed for high flow rates that meet or exceed ANSI standards, the nozzle offers optimal spray distribution for user protection. Unlike shower rose designs, this compact nozzle reduces the potential for insect nesting and eliminates high replacement costs associated with cracked or dented plastic spray heads.

Specifications
