2-Gallon, Polyethylene Safety Can for Liquid Disposal, Red - 14762

Product Images

Short Description

- Superior chemical resistance and leak protection
- Spring-loaded sealed cap automatically vents
- Stainless steel flame arrester
- Design resists accidental tip over

Description

High-density polyethylene (HDPE) disposal cans provide superior chemical resistance and leak protection. Spring-loaded sealed cap, normally closed, automatically vents between 3 and 5 psi (0.2 and 0.35 bar).

Stainless steel handle and hardware with latch-catch system hold the cap in the open position for easy filling and pouring. Large-mouth opening features a built-in stainless steel flame arrester to guard against outside ignition. A current-carrying, patented carbon insert embedded in the container allows for proper grounding. The broad-base design provides stability and resists accidental tip over.

Specifications

Model No	14762
UPC	697841006003
Brand	Justrite
International Model No.	14762Z
FM Approval	Yes
OSHA Compliance	Yes
Complies with NFPA Code 30	Yes
Color	Red
Material Specifications	Polyethylene
Dimensions, Exterior	14.75" H x 12" Outer Dia.
Dimensions, Exterior	375mm H x 305mm Outer Dia.
Capacity	2 gallon
Liter Capacity	8
Fill/Pour Hole inch	3.65
Fill/Pour Hole mm	93
Net Weight, lbs	5.4
Net Weight, kg	2.4
