

SPEEDKNIT™ THERMAL

COATED WINTER GLOVES

Our SpeedKnit® Thermal winter gloves come in handy on cold wet days with a heavyweight 10-gauge thermal knit shell and brushed acrylic fleece lining to keep your hands protected from the elements. The SpeedKnit® Thermal features a 3/4 sandy foam latex coating to prevent the elements from sneaking in during cold weather work.

HEAVYWEIGHT KNIT

Heavyweight 10-gauge thermal knit construction with brushed acrylic fleece lining.

COATED GRIP

Sandy foam latex palm coating delivers anti-slip grip.
