

SANITIZING WIPES

FAST ACTING. PROVEN EFFECTIVE. MADE IN THE USA.

Unified
Safe Guard

EPA List N* Bucket Wipes

Kills COVID-19 for safer work environments

Unified Safe Guard wipes are made with our advanced cleaning solution, which is listed on EPA List N as proven to kill COVID-19, as well as all blood pathogenic properties, in just 5 minutes – compared to the 10-minute average of other sanitizing wipes.

*All products on List N meet the EPA's criteria for use against SARS-CoV-2, the virus that causes COVID-19.

unifiedsafeguard.com

Our sanitizing wipes work fast – and they're ready to ship from the USA.

The safety of any business depends on the quality and effectiveness of the sanitizing products used. Bucket wipes from Unified Safe Guard are made to work, killing COVID-19 in just 5 minutes – twice as fast as the average sanitizing wipe. They're also made to last, staying powerful even after months on the shelf.

Benefits

Fast Acting: Our cleaning solution has a 5-minute contact kill time for COVID-19 and all blood pathogenic properties, compared to the 10-minute average.

Long Lasting: Retain their effectiveness for months, rather than weeks, for a longer shelf life than most wipes.

Multi-Purpose: Can be used for a wide variety of applications, environments and industries.

Ready to Ship: Unified Safe Guard sanitizing wipes are made in Chicago, Illinois, and ready to ship immediately.
