DR80UAT Single-Stage

We've thought of everything to bring you efficient and dependable indoor comfort solutions.

Increase your energy savings with the DR80UAT, which has a constant Torque ECM Motor that maintains efficiency across a range of operating speeds, using less electrical energy than a standard PSC motor.

Dependability is of the utmost importance when it comes to your family's comfort. Our DR80UAT Gas Furnace comes standard with the direct spark ignition system (DSI), which is one of the most **dependable ignition systems** available today. This technology is the same proven design used on gas ovens and stoves.

Quiet Operation is what you get with the DR80UAT Gas Furnace. The tight door seal helps eliminate whistling. We've also added rubber grommets on the motor mounts and a twist lock wire harness in the blower shelf.

Easy installation and maintenance features benefit consumers, too. This means savings on installation costs and faster, more cost-effective repairs during maintenance. The DR80UAT Gas Furnace is also designed with the **industry-first 7-segment LED** display, a feature that makes service calls quick and easy.

Limited Warranty Information:²

Heat Exchanger - Ten (10) Years

Parts - Five (5) Years

¹ Annual Fuel Utilization Efficiency (A.F.U.E) measures the amount of heat delivered to a home compared to the amount of fuel that is supplied to the unit. Higher A.F.U.E. ratings reflect higher efficiency.

² For complete details of the limited warranties, including applicable terms and conditions, contact your local Contractor or go to DURASTAR.com for a copy of the product warranty certificate.

EFFICIENCY:

80% A.F.U.E.¹

INPUT RATES:

50 to 125 kBtu
