

## FURNACES

DR80D(-)T Single-Stage

We've thought of everything to bring you efficient and dependable indoor comfort solutions.

**Increase your energy savings** with the DR80D(-)T, which has a constant Torque ECM Motor that maintains efficiency across a range of operating speeds, using less electrical energy than a standard PSC motor.

**Dependability** is of the utmost importance when it comes to your family's comfort. Our DR80D(-)T Gas Furnace comes standard with the direct spark ignition system (DSI), which is one of the most **dependable ignition systems** available today. This technology is the same proven design used on gas ovens and stoves.

**Easy installation and maintenance** features benefit consumers, too. This means savings on installation costs and faster, more cost-effective repairs during maintenance. The DR80D(-)T gas furnace is also designed with the **industry-first 7-segment LED** display, a feature that makes service calls quick and easy.

**Save on your energy bill** with a new gas furnace from Durastar. Our DR80D(-)T delivers 80% AFUE, which means 80% of the fuel in your furnace is converted to heat for more efficient comfort and savings for your home.

### Limited Warranty Information:<sup>2</sup>

Heat Exchanger - Ten (10) Years

Parts - Five (5) Years

**EFFICIENCY:**

**80% A.F.U.E.<sup>1</sup>**

**INPUT RATES:**

**50 to 125 kBTU**

<sup>1</sup> Annual Fuel Utilization Efficiency (A.F.U.E) measures the amount of heat delivered to a home compared to the amount of fuel that is supplied to the unit. Higher A.F.U.E. ratings reflect higher efficiency.

<sup>2</sup> For complete details of the limited warranties, including applicable terms and conditions, contact your local Contractor or go to DURASTAR.com for a copy of the product warranty certificate.
