PURELL® CS2 Dispensing System

NXT dispensers and refills will be discontinued by the end of 2023. Update your systems to new CS2 products now to prepare for the change!

Below is a cross-reference from the old NXT® Dispensing System to the NEW PURELL® CS2 Dispensing System. CS2 refills are backward compatible with existing NXT dispensers, so there is no need to change, unless you're ready for some great new technology from GOJO. Ask your salesperson today!
