Snapback™ Spray Buff

Formulated for daily use and does not require burnishing after each application.

Excellent Performance

- Leaves floor with a high gloss, durable, slip resistant finish when used regularly
- Removes black heel marks, scuffs, scratches, tar and dirt
- Keeps your floors looking their best at all times

Cost-Effective

- One gallon covers 25,000–30,000 square feet
-

Use Directions

- Remove gross soil such as heavy tar, paper, gum, etc., and then dust mop.
- Using a spray bottle, spray two or three full sprays on an area about four feet by six feet. Do not over wet.
- With a nylon or polyester spray buff pad (a red pad works best in most cases), make one pass with a floor machine to spread out the product. Then return and buff to gloss (generally two passes).
- Flip or change pad as necessary.
- After buffing is completed, dust mop floor if dust is present.

Floor Preparation

- If floor shows uneven wear, heavy build-up, or deep ground-in dirt, floor should be stripped and three base coats of finish applied before using Snapback™ Spray Buff. To obtain the maximum level of gloss, a substantial floor finish base is required. Three coats of finish are recommended.
- Heavy traffic areas may occasionally require additional floor finish to maintain an adequate base. When recoating is necessary, simply clean floor and apply finish directly over Snapback™ Spray Buff.

Product Specifications

Description	
Color/Form	Opaque white liquid
Flash Point	200° F (> 93.4° C)
pH	8.4
Scent	Characteristic
Shelf Life	2 years
Solubility	Insoluble
Specific Gravity	0.982

Available Items

Product Code	Description/Package Size	Dilution
904116	4 x 1 gallon / 3.78 L Containers	Ready-to-Use

Safety Reminder

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use, and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDSs are available on-line at www.sealedair.com or by calling 888 352 2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up to date shipping information.
