

# Induction Cooktop, 12", 2 Zones with SmartZone

Series 9 | Minimal

Black Glass

This Series 9 cooktop is a joy to use, with the instant response and energy efficiency of induction technology.

- Immediate heat response and extremely accurate temperature control
- Child and pet safe - cooktop remains cool to touch until a pot or pan is placed on the surface
- PowerBoost activates a very high heat, bringing liquid to boil in less than a minute
- Easily control each cook zone with Touch&Slide, including pairing cook zones to create a large SmartZone

## FEATURES & BENEFITS

### COMPLEMENTARY DESIGN

The subtle black glass and durable matte black detailing are designed to pair with the Minimal style Series 9 Ovens. With premium styling and detailing, these cooktops seamlessly blend with other appliances for a cohesive, considered kitchen design.

### ENHANCED FEATURES

PowerBoost and GentleHeat deliver either very high or very low heat, fast. Perfect for specialized cooking tasks such as searing meat and melting chocolate. An integrated timer ensures a great result every time.

### INSTANT RESPONSE

Go from a boil to a simmer in seconds. Touch&Slide controls react immediately when you adjust the temperature so you don't waste time in the kitchen.

### SAFER CHOICE

Induction cooktops only start heating your pot or pan once you've placed it on the ceramic surface and stop as soon as you remove it - so you don't have to worry about curious little fingers or leaving a cook surface on.

### EASY CLEANING

The surface around your cookware stays cool when you cook - preventing baked-on spills and making cleaning up a breeze. The ceramic cooktop surface, including anodized detailing for durability, just needs a quick wipe after use to maintain its good looks.

## SUPERIOR EFFICIENCY

Less heat is wasted during induction cooking because only the cookware is heated, not the cooktop surface. This makes induction cooking more energy-efficient than electric or gas cooktops.
