

ONE UNIT CONTROLS UP TO 21,000 FT³

Phoenix Guardian HEPA - Air Scrubber

TRUE 1400 CFM AIR SCRUBBER

The Phoenix Guardian HEPA System™ was the first portable air scrubbing device designed exclusively for the restoration industry. The Guardian can perform several critical air quality remediation functions simultaneously.

The Guardian HEPA System™ captures virtually all removable airborne particles. The optional 4-stage absorption filter contains a blend of activated carbon and potassium permanganate to remove airborne odors and chemicals.

The true 1400 cfm capacity of the Phoenix Guardian HEPA System™ will perform one air change of a 12 x 14 foot room in less than a minute. In order to be effective, an air scrubber should be able to perform a minimum of four air changes per hour. Therefore, a single Guardian can be expected to control up to 21,000 cubic feet.

FEATURES

- Performs several critical air quality remediation functions at one time
- Performs one air change of a 12'x14' room in less than one minute
- 2-Speed operation (1400-900 CFM)
- Multiple ducting options
- Built-in manometer
- Only 12 amps
- Stainless steel cabinet
- Optional fourth stage carbon filter
- Unique ability to continually filter the indoor air and depressurize the site to prevent the spread of contamination simultaneously
- Wheeled cart design

Xactimate Code: WTRNAFAN>

The built-in manometer provides precise measurement of air-flow through the HEPA filter and aids in determination of HEPA filter replacement intervals.

ONE UNIT CONTROLS UP TO 21,000 FT³

Phoenix Guardian HEPA - Air Scrubber

SPECIFICATIONS

PART NUMBER

4024848

POWER

Current Draw: 12 Amps
Voltage: 110-120 VAC, Grounded

CFM

2-Speed
High: 1400 CFM* w/o external duct
Low: 900 CFM* w/o external duct

FILTERS

	24" x 24"
1-stage	1" Spun Polyester
2-stage	2" Pleated Media
3-stage	12" V-bank HEPA
(optional) 4-stage	2" Carbon and Potassium Permanganate

DUCTING OPTIONS

Multiple ducting for intake and exhaust

DIMENSIONS

	UNIT	SHIPPING
WIDTH:	25"	29"
HEIGHT:	39"	45"
DEPTH:	25"	28"
WEIGHT:	121 lbs	155 lbs

The built-in manometer provides precise measurement of air-flow through the HEPA filter and aids in determination of HEPA filter replacement intervals.
