**BIG SHOT™**CLEAR CONDENSATE
LINES WITH A SWOOSH®**20 GRAMS = 25% MORE CAPACITY**

More capacity to better eliminate gunk, clogs and debris.

OIL-FREE CO₂

Delivers drain clearing with less mess.

TAPERED FITTING

Secure to line openings 3/8 in. - 3/4 in.

FLEXIBLE HOSE

Convenient for hard-to-reach drains.

**NO NITROGEN
NO ELECTRICITY****INSTRUCTIONS:**

- 1** Wearing appropriate safety gloves, engage (push up) the red safety catch.
- 2** Unscrew cup and insert cartridge with the narrow end facing up.
- 3** Without depressing the trigger, screw the cup slowly into the head until the cartridge begins to contact the puncture pin. (There will be slight resistance.)
- 4** Quickly screw the unit together to puncture and seal the cartridge in one motion. Tighten only to the point where no escaping gas is heard. **CAUTION:** Do not overtighten.
- 5** Release (push down) the red safety catch.
- 6** Insert rubber cone into the end of the clogged pipe and depress trigger to discharge the SWOOSH® cartridge. For clogged condensate drains, a quick and full discharge works best.

**SWOOSH® DRAIN GUN IS ONLY COMPATIBLE WITH SWOOSH® 20 GRAM CARTRIDGES.
NOT COMPATIBLE WITH ANY OTHER SIZE CARTRIDGE.**

⚠ WARNING: Contents under pressure. Do not open SWOOSH® Drain Gun until cartridge is empty or injury may occur. Completely discharge cartridge before unscrewing cup. Keep cartridge out of direct sunlight and temperatures above 120°F. Do not discharge towards face or body.

⚠ WARNING: Cancer and reproductive harm - For more information, go to www.P65Warnings.ca.gov.
