**TECHNICAL SPECIFICATION**

**180 GRIT OPEN MESH CLOTH**

**TECHNICAL SPECIFICATION:** Oatey 180 Grit Open Mesh Cloth is a lightweight, strong meshed polyester nylon material combined with a tough aluminum oxide abrasive. Open Mesh Cloth can be used for cleaning, polishing and deburring copper pipe and fittings prior to soldering. Open Mesh Cloth can be used with wet or dry piping and allows small particles to filter through the open mesh to minimize clogging.

PHYSICAL/CHEMICAL PROPERTIES

Abrasive Material	Aluminum Oxide
Grit Size	180
Water Resistance	Waterproof
Width	1-2"

DIRECTIONS FOR USE

To use from dispenser box, pull 1"-2" of cloth out of the top of the box and tear. Open Mesh Cloth can be used on both sides of cloth and can be rinsed with water for repeated use.

PRECAUTIONS

Read all cautions and directions carefully before using this product. Use only in well ventilated area. Do not inhale dust from sanding process. KEEP OUT OF REACH OF CHILDREN.

COMMON APPLICATIONS

Oatey 180 Grit Open Mesh Cloth is used to clean copper pipe and fittings prior to soldering. Can also be used for cleaning brass, aluminum and other soft metals.
