ACCELERATOR

VL-200 RAPID EVACUATION KIT

The **VL-200 ACCELERATOR** Rapid Evacuation Kit paired with a JB vacuum pump allows technicians to remove restrictive valve cores and perform HVAC/R system evacuations up to **20x Faster**.

FEATURES

- Y-FORCE Dual, High-speed Coupler Connector increases speed of evacuation
- 1/2" diameter vacuum certified hose will not collapse or permeate
- A32525N 1/4" valve core tool removes restrictive cores and maximizes flow
- Vacuum rated to 20 microns
- Opens up over 90% of internal diameter of access port
- Easily attaches and protects vacuum gauge with the slide valve side port

INCLUDES

- **QC-208 (1/2")** and **QC-206 (3/8")** Y-FORCE Dual, High-Speed Coupler Connectors
- **A32525SV** Valve Core Removal Tool with Slide Valve Side Port removes restrictive cores
- **A32525N** Valve Core Removal Tool
- **CL264-48** – Two 48", 1/2" diameter evacuation hose with 3/8" x 1/4" SAE female swivel hose connections; 640 psi working; 3200 psi burst
- Convenient JB branded drawstring storage bag
