# THE BLANCO UNIT

Everything you need, all in one place.

**BLANCO UNIT**  
drink. prep. clean.

## DRINK

### Your source of water.

Water plays an essential role in your kitchen. Choose a beautifully designed faucet that is functional, intelligent and colour-coordinated with your sink.

## PREP

### Focus on the food.

Streamline meal prep, reduce clean-up and simplify your workflow with premium sink and accessory combinations

## CLEAN

### No stress kitchen mess.

Life in the kitchen can get messy. Incorporate green living while making heavy duty cleanup easier with our eco-friendly, dishwasher-safe SOLON.

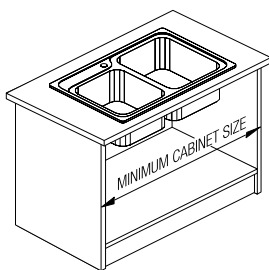

## What is a BLANCO UNIT?

A BLANCO UNIT is a fully integrated sink, faucet and accessory system that enhances your experience with water. The perfect combination of premium products for drinking water, preparing food and cleaning, making kitchen life easier.

# HOW TO CHOOSE A SINK

## 1. Determine the size of your sink cabinet

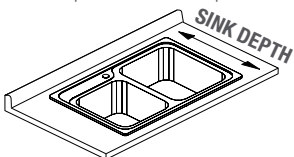

- Standard kitchen cabinets come in size increments of 3" (for example 18", 21", 24", 27", 30", 33", 36" etc.).
- Measure from gable to gable (left to right). Be sure to measure from outside edge to outside edge.
- This is the minimum cabinet size. All BLANCO sinks indicate the minimum cabinet size requirements.

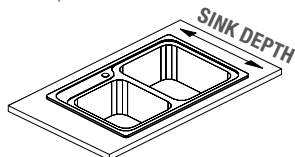

## 2. Determine the depth of your countertop

Are you keeping an existing laminate countertop that has a backsplash?

For laminate or stone countertops without a backsplash.

A sink that measures up to 20 1/2" deep (front to back) should fit.

A sink that measures up to 22" deep (front to back) should fit.

When installing an undermount sink, it is important to ensure that enough space is allocated for the faucet, fixtures and other materials behind the sink. We recommend consulting your installer.

## 3. Sink material

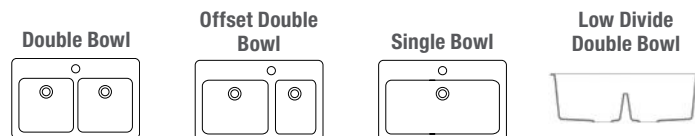

SILGRANIT	Stainless Steel	Fireclay
<ul style="list-style-type: none"> <li>• Patented granite composite material</li> <li>• Extremely durable: scratch, stain, heat &amp; impact resistant</li> <li>• Variety of colours</li> <li>• Easy to clean</li> </ul>	<ul style="list-style-type: none"> <li>• Heat and stain resistant</li> <li>• BLANCO stainless steel sinks come equipped with sound absorbing pads to reduce noise</li> </ul>	<ul style="list-style-type: none"> <li>• Ultra-smooth, polished surface</li> <li>• High gloss white</li> <li>• Easy to clean</li> </ul>

## 4. Sink style

Rethink your sink with more style options! BLANCO offers farmhouse sinks, sinks with integrated drainboards, undermount and drop-ins - all with a variety of bowl configurations.

## 5. Bowl configuration and depth

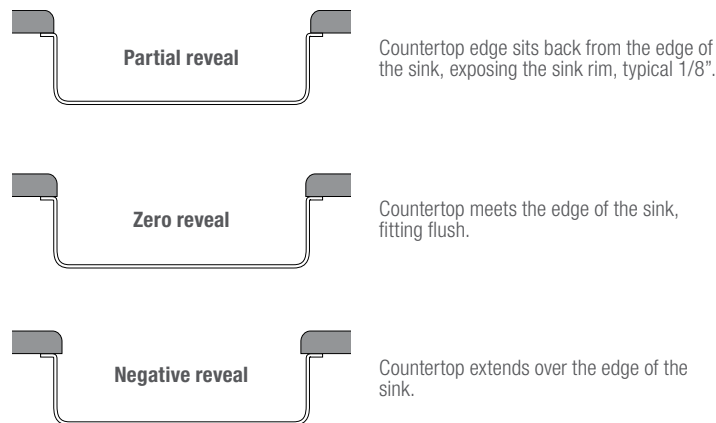

Choose a bowl configuration based on how you use your kitchen and what will best suit the needs of your household.

## 6. Installation methods

### Undermount

This is when your sink is installed under the counter. This requires a counter material that can have a polished edge around the sink opening (quartz, granite and marble are beautiful options). Undermount sinks can be installed with different reveals:

### Drop-in / Topmount

This is when the sink is installed on top of the counter. Great for any countertop material, especially laminate which cannot have a clean, polished edge around the sink opening.

### Farmhouse / Apron front

Most farmhouse sinks have a customized undermount installation, however please refer to individual product instructions for more details.

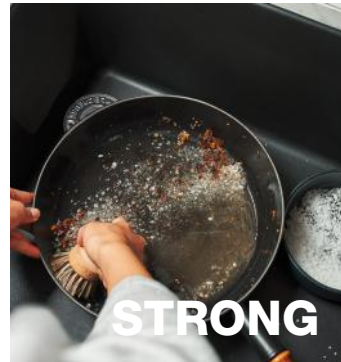

Silgranit sinks are admired around the world for their exclusive styles and designer colour palette. The kitchen has become a central point in our homes and your sink is an integral part of your daily kitchen routine. Dare to fall in love with a Silgranit sink.

### Exclusive Designs

Our Silgranit portfolio is offered in 9 different colours and features over 300 exclusive sink designs. Striking hues like our latest Coal Black, will make your Silgranit sink the statement piece you've been looking for.

### Unsurpassed Durability

A Silgranit sink is the ultimate choice for long-lasting kitchen bliss. Scuff marks, hot pans and baking trays straight from the oven – don't stand a chance against Silgranit.

### Easy to Clean

Silgranit has a non-porous, smooth stone surface, making it stain-resistant and easy to clean. Our patented Hygienic+Plus surface protection formula reduces bacteria growth by an average of 98%.

# COAL BLACK NEW

Captivating. Intense. Endless Black.

Discover amazing new design opportunities with the ultimate matte-black accent for your kitchen. Our latest Silgranit colour, Coal Black, is a deep, intense, flat matte-black perfect for contemporary kitchens. Coal Black is the perfect choice for those who love bold design.

# STAINLESS STEEL SINKS

# CLASSIC. TIMELESS. BEAUTIFUL.

BLANCO offers the ultimate in stainless steel quality and craftsmanship. Built with superior 304 series steel, convenient features and German engineering, BLANCO offers a wide range of stainless steel sink styles. BLANCO stainless steel sinks are supported by a Limited Lifetime Warranty.

## Quality

BLANCO sinks are made from quality stainless steel with 18/10 chrome-nickel content and will keep their brilliance for decades.

## Durability

Stainless steel is easy to maintain, resistant to water stains and calcium deposits. It is non-porous, rust, stain, and heat resistant.

## Design

Rounded or tight corners, different bowl depths, unique shapes, and configurations. Discover them all with a wealth of design options.

## Accessories

Sink grids, cutting boards, workstations and colanders create the ultimate BLANCO UNIT experience with stainless steel.

- Includes 3½" (90 mm) stainless steel strainers
- Includes clips, cabinet template and installation instructions +

# GREATER ACCESSIBILITY BY DESIGN

Everybody can appreciate a kitchen that is spacious, organized, safe and well-planned. Designing for accessibility helps people engage with their environment with greater ease. Accessible design incorporates long term design elements that provide flexibility for families, couples, and individuals with a diverse range of ages and abilities. Universal kitchen design maximizes independence and maneuverability for everyone in your home.

## Universally Accessible

5" deep bowls and rear positioned drains help keep the sink area more accessible.

## Material Options

Stainless steel and Silgranit materials are available which are both durable and easy to clean.

## Installation Versatility

BLANCO ADA/CSA compliant sink models are available in both undermount and drop-in varieties.

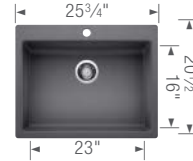

## Easy To Use Faucets

Single lever and sensor faucets provide easier control of water temperature and flow.

# HOW TO CHOOSE A FAUCET

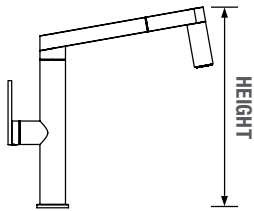

# FAUCETS AND SOAP DISPENSERS

## 1. Style

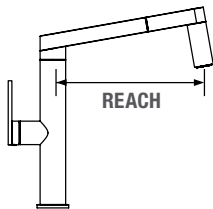

Determine what style will fit the design of your kitchen. From modern semi-professional to traditional bridge faucets – understanding your style preference will help you pick a faucet you will love.

## 2. Faucet height

Ensure there is enough clearance for upper cabinetry by knowing the height of the faucet you're interested in. High arc faucets are usually more suited for island installations, or in front of a window.

## 3. Faucet reach

Make sure you check how far the spout reaches out from the faucet's base to ensure it's proportionate to the size of your sink.

## 4. Features

Look for features like pull-out or pull-down sprays, side sprays, professional hose coils and magnetic docking arms. These features add a lot of value to everyday kitchen tasks.

## 5. Finish

Chrome, stainless steel, classic steel, matte-black or dual finish options can make a huge impact on the overall look and design of your kitchen.

# INSPIRING STYLES. EUROPEAN DESIGNS.

BLANCO kitchen faucets are continuously awarded prestigious international awards for design, quality, and excellence. Find your dream faucet with over 100 shapes and sizes in beautiful colour-coordinated finishes. All BLANCO faucets are supported by a Limited Lifetime Warranty.

## Semi-professional

Inspired by faucets used in commercial kitchens, semi-pros feature pressure sprayers, flexible spring coils and magnetic docking arms.

## Colour-coordinated

BLANCO exclusively offers over 25 colour-coordinated finishes, designed to coordinate with our full spectrum of Silgranit sink colours.

## Contemporary

Sleek, streamlined, minimalistic design details like low arcs and pull-out sprayheads are typically seen in this style category.

## Classic

Traditional styles with more elegant and ornate details but with modern features, functionality, and performance.

# EXTRAORDINARY FINISHES

# DESIGNED TO LAST®

Built to perfection with sustainability in mind

## Water Conservation

Several BLANCO faucets have switched from 2.2 to 1.5 GPM, providing water saving benefits while still delivering strong water performance.

## Premium Quality

Made of solid brass or stainless steel construction with pressure resistant ceramic cartridges that are smooth in operation.

## Easy Installation

All BLANCO faucets are equipped with colour-coded, flexible braided stainless steel inlet hoses for easy installation.

## Convenient Features

Many BLANCO faucets include patented silicone nozzles – simply rub the nozzles to prevent buildup from lime scale deposits.

## Functional Details

Pull-out sprayheads, magnetic docking arms and sensor technology provide the ultimate convenience in the kitchen.

# YOUR ULTIMATE BLANCO UNIT

Go beyond the basics with next level meal prep. BLANCO accessories are designed to make life in the kitchen easier by working with your sink and faucet to create a seamless kitchen water hub experience. Customize your BLANCO UNIT with high quality, innovative accessories tailored to meet the needs of your busy kitchen.

## Organic Waste System

SOLON is made from high grade recycled stainless steel, collecting organic waste beneath the counter and out of sight.

## Custom-fitted Grids

Constructed of stainless steel and dishwasher safe. Bottom grids offer protection while floating grids provide an elevated surface.

## Colanders and Baskets

Colanders and baskets can be used for drying dishes or for rinsing fruits and vegetables.

## Cutting Boards

A wide variety of quality cutting boards are available in maple, ash, beech, and walnut.

## Functional Sink Rails

Exclusive to the QUATRUS ERGON, these stainless steel sink rails help you fill, soak, rest, drain, defrost, and elevate!

## Limited Lifetime Warranty

### Stainless Steel and SILGRANIT Sinks

BLANCO CANADA INC. hereafter referred to as BLANCO, is pleased to offer a Limited Lifetime Warranty with all BLANCO sinks used in normal domestic installations. BLANCO warrants its sinks to be free from all manufacturing defects in material and workmanship.

BLANCO will repair or replace, at no charge, excluding labour, any sink supplied by BLANCO that is proven to be defective under normal use. An equivalent replacement will be issued to the original owner provided the defective sink was installed in accordance with BLANCO installation procedures, used and cleaned as recommended and not damaged due to abuse, misuse or negligence. Chips, scratches and stains are not deemed to be manufacturing defects. BLANCO will not be held liable for chips, scratches and stains that can occur under normal use over a period of time. Please refer to cleaning instructions to maintain your sink in its original appearance. BLANCO shall not be held liable under this warranty where the sink has been used in a non-domestic application, improperly installed, or damaged from the impact caused by a heavy object being dropped on the sink or from improper handling. BLANCO shall not be liable for any inconvenience or expense for material or labour related to the removal or replacement of a defective sink or for any loss or damage to any person or property whatsoever resulting from the defective sink. All transportation costs to and from the point of purchase will be the responsibility of the purchaser.

Any sink returned must be in the original packaging and include all the accompanying accessories, parts and documentation. BLANCO reserves the right to inspect any sink reported to be defective prior to replacement of the sink.

## Warranty exclusion

Excluded are any accessories that accompany the sink (strainers, waste fittings, waste chutes etc.).

### Accessories and Soap Dispensers

BLANCO warrants its accessories and soap dispensers to be free from manufacturing defects for a period of one (1) year from the date of purchase.

## Limited Lifetime Warranty: Faucets

All faucets are thoroughly checked and tested in the factory. However, if the faucet has a manufacturing defect, BLANCO reserves the right to replace the damaged part or the entire faucet.

BLANCO warrants its faucets to be free from manufacturing defects in material and workmanship; and the finish and ceramic disk cartridge to be free from manufacturing defects and workmanship, to the original consumer purchaser of the faucet from the original date of purchase for as long as the original consumer purchaser owns their home. If the cartridge proves to be defective during the warranty period, BLANCO will provide a replacement free of charge.

## Finish and ceramic disk cartridge

**LIFETIME\***

## Limited Lifetime Warranty: Faucets

**LIFETIME\***

\*Lifetime to original consumer purchasers

A new enhanced warranty program for faucets took effect April 15, 2010. (This is not retroactive to previously purchased faucets). It extends the previous 2-year limited period for mechanical components, hand spray and hoses to a Limited Lifetime Warranty period. (As before, the finish and ceramic disc cartridge have limited lifetime warranties).

This warranty does not cover faucets which have been improperly installed or subject to improper use or used in a location other than a residential kitchen or faucets which have been damaged due to mineral deposits or the use of corrosive or abrasive cleaning agents. This warranty does not cover shipping costs, labour costs or any other cost associated with the installation or replacement of the product/parts and is extended only to the original consumer purchaser of the faucet.

BLANCO is not responsible or liable for indirect, special or consequential damages arising out of or in connection with the use or performance of its faucets and its liability under this warranty is limited to the replacement of the defective material at the location of purchase.

## Obligation of the original owner

The original dated sales receipt must be retained by the customer and is the only acceptable proof of purchase.

BLANCO makes no additional warranties, expressed or implied and any implied warranty including that of merchantability or fitness for a particular purpose, is limited in its duration to the duration of the written limited warranties set forth herein.

No employee, agent or other person is authorized to provide any warranty on behalf of BLANCO for a BLANCO product that is in addition to or different from the warranty stated above unless the warranty has been previously approved by an authorized BLANCO representative.

This warranty gives you specific legal rights and you may also have other rights which may vary from province to province.

To obtain warranty service, please call BLANCO Customer Service toll free at 1-877-425-2626.
