

LED LAMP

SPECIFICATIONS

Ideal For

Office, Garage and Warehouse

Convert your existing fluorescent fixture to LED technology with Feit Electric LED Tubes. This energy efficient light produces a similar light output using less watts than the equivalent fluorescent bulb and last for decades without needing to be replaced. Versatile installation allows both plug and play replacement or operation without a ballast with basic rewiring of the fixture.

Benefits

- Linear LED lamp suitable for a variety of general purpose lighting needs
- Flexible installation options either direct plug and play using the existing ballast or with simple rewiring of the fixture to bypass the ballast
- Cool White vibrant light ideal for work spaces and task lighting
- Energy efficient LED technology uses considerably less power and last longer compared to equivalent incandescent lights
