

Microfibers remove dust and the allergens it contains!

Available in pink, red, yellow, green and blue for color coding. These cloths are excellent for cleaning any surface including:

Just in a lighter weight.

- stainless steel
- porcelain
- glass
- wood

Impact microfiber cloths are super absorbent and fast drying, so bacteria doesn't have time to incubate, making the cloth a great option for places like commercial kitchens, washrooms or restrooms. Anyplace where sanitation is a major concern.

Contact an Impact representative today to learn more.
