

# REPLACEMENT SWIVEL KIT

Figure 1403

**NFP140301**

## INSTALLATION

Insert the gasket into the coupling. Next, slide the coupling over the outlet. While holding the coupling in place, insert the ball bearings one by one into the hole on the coupling. Finally, once all ball bearings are inserted, secure the hole with the provided set screw.

## FEATURES & BENEFITS

- Replacement NFP swivels
- Size: 2-1/2"
- Includes: Coupling, gasket, ball bearings and set screw

## MATERIAL CHART

PART NAME	MATERIAL
Coupling	C37700 BRASS
Ball Bearing	304 SS
Gasket	EPDM
Screw	C46500/304

\*Installer must confirm fit for non-NFP applications
