

SAVOY
HOUSE

ITEM NO: 1-1805-10

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Unfold the arms of the fixture body (A) to locations.
4. Unravel the supply power and ground wires and pass them through the center holes of center tube (B), (C) and canopy (D).
5. Thread the bottom of center tube (B) into the coupling at the top of fixture body (A). Connect the the remaining center tubes (B) and (C) as shown in the diagram and hand tighten until snug.
6. Use carabiner (H) to connect the top loop of center tube (C) to the loop on the canopy (D) and twist the locking mechanism to secure.
7. Align the holes of the two decorative strips (E) with the holes on the arm of the fixture body as shown in the diagram, securing with screws (F). Repeat the process for remaining decorative strips (E). After installing all decorative strips (E), adjust the level of decorative strips (E) with the fixture body (A).
8. Carefully attach the crystal (G) to the loop of decorative strip (E) as shown in the diagram.
9. Refer to the additional installation instructions included with the product for wiring and installation.
10. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
11. Restore power to the installation point and retain this sheet for future reference.
