

LED FIXTURE

SPECIFICATIONS

The Feit Electric FP1X2/6WY/NK Nickel LED Flat Panel with Selectable Color Temperatures provides added function and style to any residential or commercial area. Its patented selectable color temperature feature allows users to choose Warm White, Neutral White, Cool White, Daylight White, or Daylight Deluxe White (3000K/3500K/4000K/5000K/6500K) on the fixture or to adjust after installation by toggling a wall switch. The ultra-slim, low-profile design features innovative edge-lit LEDs that create uniform light distribution without hot spots, flickers, or glare. It is ideal for kitchens, bathrooms, bedrooms, hallways, living rooms, and anywhere you need low-profile lighting. An 80 CRI will make colors appear more vibrant and appealing. This ceiling fixture is compliant with California Title 24 and Energy Star requirements. It produces 2000 lumens of dimmable, evenly distributed light while using only 25 watts, saving on energy costs compared to traditional incandescent lights. It has an average life of 50,000 hours/45.7 years with an estimated annual energy cost of only \$3.01/year.

Features

1 ft. x 2 ft. 25W
