

Base Limited Warranty

Subject to the terms and conditions of this limited warranty, TwentyThreeC, LLC ("Company") extends a limited warranty against manufacturing defects for the product(s) identified in Table 1, attached hereto ("Products") that are installed in a residential/multi-family application (personal, family or household purposes) under normal use and maintenance in the continental United States (excluding Alaska and Hawaii) and Canada. Commercial applications are treated differently under this limited warranty as stated in Table 1a, attached hereto. Commercial applications do not receive the "One Year Product Replacement Pledge". For purposes of this limited warranty, "commercial applications" shall mean any application other than a residential/multi-family application (personal, family or household) purposes.

This limited warranty applies to Products shipped from Oxbox on or after July 1, 2023.

WHAT COMPANY WILL DO: Subject to the terms and conditions contained in this Limited Warranty, as Company's only responsibility and Purchaser's only remedy under this Limited Warranty, Company will: (A) for one (1) year from the Limited Warranty Commencement Date, as defined below, replace the Product if the compressor (Package Gas, Package Heat Pump, Split Air Conditioner, Split Heat Pump), condenser coil (Packaged Gas, Packaged Heat Pump, Split Heat Pump Condenser or Split Air Conditioning Condenser), evaporator coil (Packaged Gas, Packaged Heat Pump, Split System Air Handler) or heat exchanger (Packaged Gas or Split System Furnace) fails ("One Year Product Replacement Pledge") See Table 2; or (B) following the One Year Product Replacement Pledge, furnish a replacement part without charge for the part only ("Parts Only Warranty"). All replacement units or parts will be provided by Company to a licensed HVAC service provider for failures due to a manufacturing defect under normal use and maintenance. For the Parts Only Warranty, the Purchaser must pay for any and all shipping and handling charges and other costs of warranty service for the replacement part. If a Product part is not available, Company will, at its option, provide a free suitable substitute part or provide a credit in the amount of the then factory selling price for a new suitable substitute part to be used by the Purchaser towards the retail purchase price of a new Company product. Any new Product purchase shall be at Purchaser's sole cost and expense including, but not limited to, all shipping, removal, and installation costs and expenses. All repairs of Product parts covered under this Limited Warranty must be made with authorized service parts and by a licensed HVAC service provider. Neither the replacement of the Product under the One Year Product Replacement Pledge or installation of Product replacement parts under the Parts Only Warranty shall extend the original warranty period such that the warranty period for any Product or Product part replaced under this Limited Warranty is the applicable warranty period remaining under the original Product Limited Warranty.

This base limited warranty can also be found online at <https://oxboxhvac.com/warranty/> or <https://www.tranetechnologies.com/content/dam/common/oxbox/warranty/Warranty.pdf>. We limit the duration and remedies of all implied warranties, including without limitation the warranties of merchantability and fitness for a particular purpose to the duration of this express limited warranty. Some states do not allow limitations on how long an implied warranty lasts, so the limitations expressed here may not apply to you. Please read the limited warranty in its entirety for more information.
