## PRODUCT DATA SHEET

# GUARDIAN DRAIN LOCK® DOME-D-LOCK®

### Description

Guardian Drain Lock is designed specifically for commercial floor sinks to protect and prevent debris from clogging and backing up plumbing lines. Floor sinks do not come with the ability to screw or lock down strainers. Anyone can access and remove or discard strainers allowing debris to pass through the pipes, leading to clogs. Guardian Drain Locks are reliable and lockable to prevent damage.

Dome-D-Lock is a quality built product designed to withstand the ultimate abuse within restaurants, factories, and other industrial applications. It's simple and affordable to install and use. Made with a glass filled polypropylene base, cast aluminum dome top, brass nut, and a tamper proof pin-n-head stainless steel bolt, this product is best in class.

### Applications

For use in commercial floor sinks to prevent clogs and decrease plumbing expenses.

### Recommended for

Restaurants • Food processing plants • Grocery stores

### Features & Benefits

- Tamper proof and unbreakable to prevent the unwanted removal of floor sink strainer
- Easy to install with drop-in and single screw design; requires Tamper Proof Torx Wrench (sold separately)
- Cuts down on solid waste from clogging drains and causing flooding in common areas
- Saves money by reducing unwanted plumbing expenses from clogs; preventing the damage to P-Traps from cabling
- One-piece assembly to prevent accidental dropping of part down the drain
- Dome design allows water to flow on multiple levels despite debris buildup

### Packaging

Code	Description	Qty. per Case	Lbs. per Case	Cubic Ft per Case
GDLDOM2000	2" Guardian Dome-D-Lock	1	0.33	0.03
GDLDOM3000	3" Guardian Dome-D-Lock	1	1.09	0.07
GDLDOM4000	4" Guardian Dome-D-Lock	1	1.15	0.07

### Tamper Proof Torx Key

GDLT40	T40 Tamper-Proof Torx Socket for 2"	1	0.32	0.001
GDLT45	T45 Tamper-Proof Torx Socket for 3" & 4"	1	0.32	0.001

# GUARDIAN DRAIN LOCK®

## DOME-D-LOCK®

### Specifications
