

# SCR504SSTBADA

32" x 20.25" x 22.5" (H x W x D)

21" wide built-in undercounter ADA compliant commercial all-refrigerator with stainless steel door, front lock, and white cabinet

### Highlights:

Meets NSF-7 standards for use in commercial foodservice establishments

Just 32" high for an easy fit under lower ADA compliant counters

Flexible design allows built-in or freestanding use in 21" wide spaces

### Product Features:

|                               |                                                                                                                                           |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Commercially listed           | ETL-S listed to ANSI-NSF Standard 7 for commercial use                                                                                    |
| ADA compliant design          | 32" height allows easy installation under lower ADA compliant counters                                                                    |
| Built-in capable              | Front-breathing design lets you make the best use of space by installing your appliance under the counter                                 |
| Professional towel bar handle | Curved handle in brushed stainless steel offer an easier grip and attractive style                                                        |
| Factory-installed lock        | Located towards the top of the door for easy access and to provide added security of unit (2 keys included)                               |
| Adjustable digital thermostat | Electronic controls located in the front kickplate for easy & institutive temperature management, with a readout in Fahrenheit or Celsius |
| Adjustable wire shelves       | Four wire shelves provide optimal storage and improved air circulation in the 3.32 cu. ft. interior                                       |
| 3" thick door                 | Improved insulation for an efficient performance                                                                                          |
| Temperature alarms            | User-set high/low temperature alarms provide added security if temperature goes beyond setpoint                                           |

SCR504SSTBADA Specifications:

| Overview                   |                    |
|----------------------------|--------------------|
| Height of Cabinet          | 31.75" (81 cm)     |
| Height to Hinge Cap        | 32.0" (81 cm)      |
| Width                      | 20.25" (51 cm)     |
