

Spartan Chemical Company
RTU Handi Spray®

READY-TO-USE

Because your
world is busy
enough.

A tradition of excellence Spartan Chemical Company, Inc. is an International manufacturer of superior and cost-effective, maintenance cleaning products including industrial cleaners, disinfectants, wipes, skin care, food processing, laundry care, warewash, vehicle care, floor care products and more. Highly focused on supporting its customers, Spartan offers strategic solutions that will help you gain efficiencies while streamlining your business growth. **For more than 65 years, Spartan has been delivering national brand product excellence backed by the exceptional services you need to meet and exceed industry standards and stay up to date with best practices.**

Ready-to-use, spray and wipe

Spartan RTU Handi Spray products are pre-diluted and properly labeled to provide superior convenience, worker safety, and compliance. The perfectly proportioned formulas provide consistent and quality cleaning performance. No mixing means fewer spills, less waste, and reduced training time. This convenient package simplifies labeling confusion, as all necessary federal, state, and local labeling specifications are already on the attractive quart bottles. They are also convenient to distribute and inventory in even the most limited of storage spaces.

Air Care

Airlift® Clothesline Fresh® Clean

#3047

Clean, crisp, powerful fragrance that is soft and refreshing, Airlift Clothesline Fresh Clean is a water-soluble air freshener formulated to eliminate unpleasant odors. While regularly scheduled cleaning and disinfecting procedures eliminate the soils and bacteria which cause most odors; people, pets, food, and accidents cause malodors which permeate surfaces, making the air unpleasant.

pH (Concentrate): 6.0 – 8.0

Dilution: Ready-to-use

Airlift® Clothesline Fresh® Linen

#3048

Delicate fresh linen scent that's light and crisp, Airlift Clothesline Fresh Linen is a water-soluble air freshener formulated to eliminate unpleasant odors. While regularly scheduled cleaning and disinfecting procedures eliminate the soils and bacteria which cause most odors; people, pets, food, and accidents cause malodors which permeate surfaces, making the air unpleasant.

pH (Concentrate): 6.0 – 8.0

Dilution: Ready-to-use

Airlift® Clothesline Fresh® Soft

#3050

Soft, elegant aroma that is simple and pure, Airlift Clothesline Fresh Soft is a water-soluble air freshener formulated to eliminate unpleasant odors. While regularly scheduled cleaning and disinfecting procedures eliminate the soils and bacteria which cause most odors; people, pets, food, and accidents cause malodors which permeate surfaces, making the air unpleasant.

pH (Concentrate): 6.0 – 8.0

Dilution: Ready-to-use

Air Care (continued)

Airlift® Cranberry Ice

#3018

Featuring a sweet, luscious cranberry fragrance with a touch of fruitiness, Airlift Cranberry Ice is a water-soluble air freshener formulated to eliminate unpleasant odors. While regularly scheduled cleaning and disinfecting procedures eliminate the soils and bacteria which cause most odors; people, pets, food, and accidents cause malodors which permeate surfaces, making the air unpleasant.

pH (Concentrate): 7.0 – 8.0

Dilution: Ready-to-use

Airlift® Fresh Scent

#3023

Featuring a powdery and comforting scent that elicits freshness and warmth, Airlift Fresh Scent is a water-soluble air freshener formulated to eliminate unpleasant odors. While regularly scheduled cleaning and disinfecting procedures eliminate the soils and bacteria which cause most odors; people, pets, food, and accidents cause malodors which permeate surfaces, making the air unpleasant.

pH (Concentrate): 7.5 – 8.5

Dilution: Ready-to-use

Airlift® Lemon Scent

#3021

Featuring an energizing, crisp aroma that leaves the space smelling clean and lemon, Airlift Lemon Scent is a water-soluble air freshener formulated to eliminate unpleasant odors. While regularly scheduled cleaning and disinfecting procedures eliminate the soils and bacteria that cause most odors; people, pets, food, and accidents cause malodors which permeate surfaces.

pH (Concentrate): 7.5 – 8.5

Dilution: Ready-to-use

Airlift® Smoke & Odor Eliminator

#3086

Powerful earthy scent with hints of leather and pine, Airlift Smoke & Odor Eliminator is a water-soluble air freshener formulated to eliminate unpleasant odors. While regularly scheduled cleaning and disinfecting procedures eliminate the soils and bacteria which cause most odors; people, pets, food, and accidents cause malodors which permeate surfaces, making the air unpleasant.

pH (Concentrate): 5.5 – 6.5

Dilution: Ready-to-use

Air Care (continued)

Airlift® Tropical

#3068

Tropical blend of fruits and flowers, laced with refreshing hints of citrus, Airlift Tropical is a water-soluble air freshener formulated to eliminate unpleasant odors. While regularly scheduled cleaning and disinfecting procedures eliminate the soils and bacteria which cause most odors; people, pets, food, and accidents cause malodors which permeate surfaces, making the air unpleasant.

pH (Concentrate): 6.5 – 8.5

Dilution: Ready-to-use

Clear Air Odor Eliminator

#3044

Clear Air Odor Eliminator is a ready-to-use air neutralizer that traps and removes odor from the air, significantly reducing the malodors present in the room. The long lasting citrus fragrance of Clear Air Odor Eliminator neutralizes even the strongest odors, leaving the room smelling crisp, clean and fresh.

pH (Concentrate): 5.5 – 8.0

Dilution: Ready-to-use

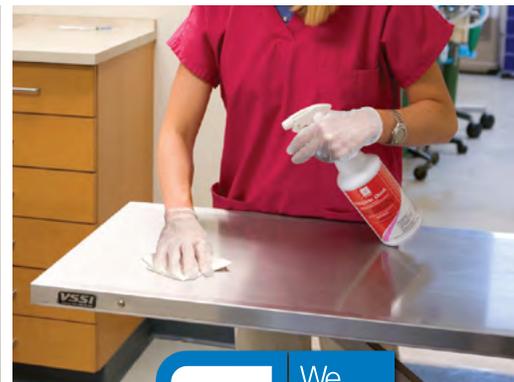

Xcelenté® Odor Eliminator

#3053

Xcelenté Odor Eliminator is a ready-to-use air neutralizer that provides the same delightful lavender fragrance as Xcelenté Multi-Purpose Cleaner. With odor encapsulating technology, Xcelenté Odor Eliminator RTU Handi Spray has the capability to trap and remove even the strongest odors from the air leaving a fresh, clean lavender fragrance.

pH (Concentrate): 6.0 – 8.5

Dilution: Ready-to-use

Bioaugmentation

Consume®

#3197

Multi-functional at its best! Consume is a cleaner, odor eliminator, stain remover, and drain maintainer. It naturally removes difficult organic soils from many surfaces including tile, concrete, steel, and carpet. Regular use of Consume eliminates organic build-up in drains, keeping them clear and odor-free. Ideal for cleaning and odor control in many areas such as carpets, drains, dumpsters, and more!

pH (Concentrate): 8.0 – 9.0

Dilution: Ready-to-use

Consume Bio-Bowl®

#3397

Consume Bio-Bowl is a ready-to-use, natural acid toilet, urinal, and shower room cleaner with organic digesters and bio-based cleaning agents to effectively remove hard water, urine deposits, and related odors. The unique blend of digesters and bio-based acid controls foul odors, digesting urine build-up in pipes to keep them free-flowing and odor-free. Consume Bio-Bowl can be used in urinals, toilets, and drains.

pH (Concentrate): 1.2 – 2.2

Dilution: Ready-to-use

Disinfectants/Sanitizers

CDC-10®

#3210

CDC-10 is a quaternary disinfectant compound featuring a clinging foam that kills HBV (Hepatitis B Virus), HIV-1 (AIDS Virus), Herpes simplex Type 2, and Influenza A3/Hong Kong viruses on hard, non-porous inanimate surfaces. Ready to use, CDC-10 destroys germs faster than most competitive products and is effective against a broad range of antibiotic-resistant bacteria.

pH (Concentrate): 12.1 – 12.6

Dilution: Ready-to-use

EPA Reg. No.: 5741-21

Diffense®

#1024

Diffense is a broad-spectrum cleaner disinfectant proven to kill Clostridium difficile spores. Effective against a comprehensive range of harmful bacteria and viruses, and with less than one minute disinfection, Diffense is ideal for areas where infection control and the prevention of healthcare associated infections (HAIs) is mission critical.

pH (Concentrate): 11.8 – 12.8

Dilution: Ready-to-use

EPA Reg. No.: 5741-28

Disinfectants/Sanitizers (continued)

Foamy Q & A®

#3200

Foamy Q & A is a ready-to-use, acid-based disinfectant with special foaming action for fast and efficient maintenance of shower rooms, restrooms, locker rooms, and other areas. Suitable for the Bloodborne Pathogen Standard, Foamy Q & A is a hospital-grade, one-step cleaner and disinfectant. Simply foam on, agitate, and rinse away.

pH (Concentrate): < 2.0
Dilution: Ready-to-use
EPA Reg. No.: 5741-23

GS Restroom Cleaner

#3503

GS Restroom Cleaner is a ready-to-use citric acid toilet, urinal, shower room cleaner, and disinfectant. Use it to clean, disinfect, and deodorize basins, bowls, shower room walls, floors, and most acid-resistant restroom surfaces. Quickly removes soap scum, water spots, and light rust.

pH (Concentrate): 1.5 – 2.5
Dilution: Ready-to-use
EPA Reg. No.: 5741-25

Hepacide Quat® II

#3251

Hepacide Quat II is an all purpose virucidal disinfectant spray with EPA registered Hepatitis claims. Effective against a broad range of harmful viruses, Hepacide Quat II complies with the recommendations of the OSHA Bloodborne Pathogen Standard. Fragrance-free and dye-free, Hepacide Quat II is a great disinfectant for hospitals, longterm care facilities, or other facilities where allergies or sensitivities to fragrance or dye exist.

pH (Concentrate): 6.0 – 7.0
Dilution: Ready-to-use
EPA Reg. No.: 5741-18

Profect HP®

#1008

Use Profect HP daily as part of a simple and effective cleaning and disinfection program for your entire facility on hard, non-porous surfaces. Featuring patented hydrogen peroxide technology, Profect HP kills bacteria and viruses in 60 seconds. One minute contact times ensure efficacy and compliance for your most critical disinfection needs. Ideal for daily use on high-touch surfaces, Profect HP is available in a convenient ready-to-use quart.

pH (Concentrate): 1.8 – 2.2
Dilution: Ready-to-use
EPA Reg. No.: 5741-33

Disinfectants/Sanitizers (continued)

TB-Cide Quat®

#1021

TB-Cide Quat is a ready-to-use, intermediate-level, one-step cleaner and disinfectant for use in hospitals, nursing homes, schools, etc., where infection control is of prime importance. Effective in the presence of 5% blood serum, TB-Cide Quat is suitable for clean-ups per the Bloodborne Pathogen Standard and is effective against MRSA & CA-MRSE, VRE, Canine Parvovirus, Norwalk Virus, and many other pathogens of concern.

pH (Concentrate): 12.0 – 12.5

Dilution: Ready-to-use

EPA Reg. No.: 1839-83-5741

Kitchen Care

Oven & Grill Cleaner

#3194

Oven & Grill Cleaner provides rapid penetration and emulsification of tough soils such as baked-on carbon, grease, and food deposits. Recommended for use in commercial and institutional ovens, grills, hoods, rotisseries, deep fat fryers, and small cutlery items, etc. Oven & Grill Cleaner is non-flammable and safe to use when the recommended preliminary steps are taken.

pH (Concentrate): 13.3 – 14.0

Dilution: Ready-to-use

Sani-Tyze®

#3195

Sani-Tyze food contact surface sanitizer is a ready-to-use quaternary-based cleaner, sanitizer, and deodorizer formulated for maximum economy and convenience wherever food is processed, prepared, or served. Sani-Tyze can be used as a light-duty cleaner on any high-touch surface such as refrigerators, drinking fountains, or ice machines, and can be used as an effective deodorizer.

pH (Concentrate): 6.0 – 8.0

Dilution: Ready-to-use

EPA Reg. No.: 10324-107-5741

Industrial

TREE-Z™

#3171

TREE-Z is a ready-to-use, plant-based product that efficiently removes tough, sticky adhesives and soils, marker and paint-based graffiti, scuff marks, wax residue and so much more. Using a renewable solvent, which is naturally derived from agricultural ingredients, TREE-Z helps to replace hazardous, toxic, and environmentally harmful products. USDA certified to contain over 50% bio-based material, TREE-Z is a safer alternative to petroleum based solvents.

pH (Concentrate): N/A

Dilution: Ready-to-use

Orange Tough® 15

#2216

Orange Tough 15 is an all-purpose, ready-to-use degreaser with d-limonene. The formula contains a blend of builders, surfactants, and wetting agents, to provide the extra strength for quick penetrating, dissolving, and removal of oily and greasy soils. With 15% natural orange solvent, Orange Tough 15 quickly removes gum, scuff marks, tire marks, oil, grease, and a variety of other difficult soils.

pH (Concentrate): 8.5 – 9.0

Dilution: Ready-to-use

Tough Duty®

#2040

Tough Duty is a butyl-based, ready-to-use cleaner and degreaser formulated and packaged for maximum user convenience. A non-viscous, clear pink liquid, Tough Duty is an industrial-strength all-purpose cleaner with a combination of wetting and cleaning agents fortified with a solvent, giving it the ability to quickly penetrate and remove both food and industrial-type, grease-based soils.

pH (Concentrate): 11.5 – 12.2

Dilution: Ready-to-use

Tough Duty® NB

#2050

Tough Duty NB is a non-butyl, ready-to-use cleaner and degreaser recommended for use in facilities where butyl cleaners are restricted. Safe for use on nearly every washable surface, use Tough Duty NB on walls, partitions, floors, vinyl, chrome, stainless steel, etc. This unique ingredient combination provides unusual ability to quickly penetrate and remove both food and industrial-type, grease-based soils.

pH (Concentrate): 11.7 – 12.2

Dilution: Ready-to-use

Multi-Purpose Cleaners

ASAP®

#3190

ASAP is an all-surface, all-purpose cleaner that is safe for everyday use. Formulated with isopropanol, ASAP cleans tough grease and soils, and leaves a lingering, clean, fresh fragrance.

pH (Concentrate): 11.0 – 11.6

Dilution: Ready-to-use

Clean by Peroxy®

#3147

Powered by the cleaning power of hydrogen peroxide, Clean by Peroxy multi surface cleaner quickly removes everyday soils, including greasy residue on almost any surface. With a fresh fragrance that says “clean”, Clean by Peroxy multi surface cleaner offers the cleaning performance of a professional all-purpose cleaner in a convenient ready to use spray.

pH (Concentrate): 4.0 – 5.5

Dilution: Ready-to-use

Fast & Easy

#3260

Formulated to meet the health, safety, and performance expectations of today's housekeeping personnel, Fast & Easy cleans fast and dries quickly without streaks. Fast & Easy cuts through grease, soot, and other hard to remove soils, and has been designed to clean windows, display cases, crystal, and other hard surfaces such as counter and table tops.

pH (Concentrate): 9.5 – 10.5

Dilution: Ready-to-use

Xcelenté®

#3186

Enjoy the fresh, clean fragrance of lavender while you clean with Xcelenté ready-to-use, multi-purpose, hard surface cleaner. This phosphate-free formula is convenient to use and great for use on surfaces where a bright, shiny, streak-free finish is desired. With a long-lasting fragrant bloom of lavender, Xcelenté will delight building residents and visitors throughout the day.

pH (Concentrate): 6.5 – 7.5

Dilution: Ready-to-use

Restroom Care

BioRenewables® Restroom Cleaner

#3530

BioRenewables Restroom Cleaner is a ready-to-use, bio-based product designed to clean toilets, urinals, and shower rooms. This restroom cleaner features a cool citrus fragrance and contains 8% citric acid, which is derived from a renewable resource, and provides efficient cleaning action that quickly removes soap scum, water spots, and light rust from toilet bowls, urinals, and similar hard, non-porous bathroom surfaces.

pH (Concentrate): 1.2 – 2.5

Dilution: Ready-to-use

NABC Plus IV®

#3310

When the task requires more aggressive restroom cleaning performance, NABC Plus IV Natural Acid Bowl and Porcelain Cleaner is the environmentally-sound answer. Four percent natural, organic citric acid and biodegradable surfactants are the mainstays of the NABC Plus IV formula, making it the natural solution to tough restroom cleaning tasks.

pH (Concentrate): 1.5 – 2.0

Dilution: Ready-to-use

Peroxy II fbc®

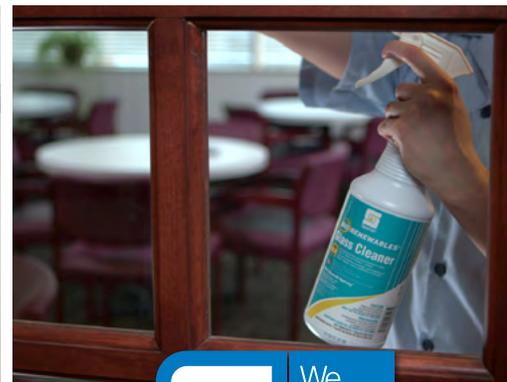

#3535

The antibacterial cleaning power of Peroxy II fbc kills 99.9% of household bacteria (*Staphylococcus aureus* and *Enterobacter aerogenes*) in 2 minutes. Formulated with hydrogen peroxide and citric acid, Peroxy II fbc cuts through grease and oils, and whitens and brightens hard surfaces. This foaming bath and surface cleaner effectively removes soap scum and hard water films and features a crisp Caribbean fragrance.

pH (Concentrate): 2.5 – 3.0

Dilution: Ready-to-use

EPA Reg. No.: 5741-26

Specialty

BioRenewables® Glass Cleaner

#3239

BioRenewables Glass Cleaner is a ready-to-use, bio-based product designed to clean mirrors, glass, and plexiglass surfaces as well as remove tough soils such as: grease, smoke, oils, and dirt. The simple spray on and wipe off formula can be used to clean and polish any hard surface not harmed by water such as: windows, mirrors, countertops, chrome, automobile glass, and any other glass or mirror finish.

pH (Concentrate): 7.5 – 8.5

Dilution: Ready-to-use

Contempo® H2O2 Spotting Solution

#3137

Contempo H2O2 Spotting Solution is a convenient, ready-to-use, hydrogen-peroxide-based carpet spotting solution and pre-spray treatment. Providing on-the-spot cleaning action, Contempo H2O2 Spotting Solution cleans away many of the most common stains including red wine, red sauces, mustard, grape juice, coffee, tea, food grade red dye, cooking oils and greases, and motor oil.

pH (Concentrate): 5.0 – 6.0

Dilution: Ready-to-use

Dust Mop/Dust Cloth Treatment

#3213

Dust Mop/Dust Cloth Treatment is a ready-to-use formula used to pick up dust, lint and soil, reducing the wear and abrasion of floor finishes from sand and soil prolonging the floor finish life. The pleasant fragrance and ease of use makes Dust Mop/Dust Cloth treatment appealing for the cleaning staff to use.

pH (Concentrate): 8.5 – 9.5

Dilution: Ready-to-use

Glass Cleaner

#3261

Fortified with ammonia, Glass Cleaner dries quickly to provide a streak free finish! When used consistently, Glass Cleaner can help to repel resoiling and finger printing. Offered in a convenient ready-to-use formula, simply fill a quart or bucket to clean windows, windshields, mirrors, display cases—any glass surface.

pH (Concentrate): 10.0 – 11.0

Dilution: Ready-to-use

Specialty (continued)

Premium Wood Polish

#3028

Premium Wood Polish is a ready-to-use, silicone-based formula designed to produce a quick shine without an oily residue. This product is great for practically any wood surface, such as wood paneling, wood veneer or washable surfaces like Formica and vinyl. Premium Wood Polish contains both carnauba wax and silicone to not only protect wood finishes, but also create a high gloss shine that is slow to dull.

pH (Concentrate): 7.2 – 7.8

Dilution: Ready-to-use

Shine Plus®

#3025

Shine Plus is a multi-surface protectant that reconditions, shines, and protects, all in one application. With its unique blend of specially selected silicones, Shine Plus may be used on a variety of surfaces, such as: vinyl, plastic, wood, leather, rubber, and formica. Shine Plus should only be used on clean dry surfaces and multiple applications will provide more protection and a brilliant shine.

pH (Concentrate): 4.8 – 5.3

Dilution: Ready-to-use

Sign Off®

#3290

Sign Off plexiglass cleaner is a proven formula that helps eliminate static electricity without harming computer screens, plastic, or glass surfaces. A non-ammoniated mixture that does not contain solvents, Sign Off has the ability to remove static electricity from virtually any glass, plastic, or metal surface, especially in the dry, winter months when static electricity is a problem.

pH (Concentrate): 8.5 – 9.0

Dilution: Ready-to-use

Spraybuff

#3040

Spraybuff combines detergents and floor finish polymers in a routine floor maintenance product designed to increase the effectiveness of buffing. Spray buffing provides important preventive maintenance and minimizes floor care maintenance expenditures by reducing the cost of stripping, sealing, and refinishing.

pH (Concentrate): 10.0 – 10.5

Dilution: Ready-to-use

Specialty (continued)

SSE Carpet Prespray & Spotter®

#3035

Use SSE Carpet Prespray & Spotter for spray and extract carpet cleaning applications. SSE Carpet Prespray & Spotter can also be used to pre-treat traffic lanes prior to shampooing or extracting. An efficient emulsifier, SSE Carpet Prespray & Spotter also doubles as a general purpose spotter.

pH (Concentrate): 8.5 – 9.5

Dilution: Ready-to-use

Stainless Steel Cleaner

#3265

Stainless Steel Cleaner is a ready-to-use stainless steel cleaner and surface protectant. The water-based formula ensures that no oil residue or buildup remains on the surface. Continued use will provide protection from finger prints smudging and dust buildup.

pH (Concentrate): 5.5 – 6.5

Dilution: Ready-to-use

RTU Handi Sprays from Spartan Chemical are offered in a full line of janitorial and housekeeping formulas to provide a complete program featuring safety and convenience for your staff.
